CONTINUING EDUCATION

OUR WORLD IS CHANGING...SHOULDN'T YOU?

Accounting for Teachers

About this programme

The purpose of this programme is to offer accounting teachers continuous professional development and practical exposure to the field of Accounting. The programme aims to equip the educators with effective tools to teach accounting, to learn and understand the subject content (including changes in context), new instructional methods and advances in technology.

This programme will provide all the content of the Accounting CAPS curriculum for high school learners (grades 10-12). Teachers will be taught the curriculum and their knowledge and understanding of the subject will be enhanced to the level where their teaching of learners will be effective.

How you will benefit

- Gain a thorough understanding of the CAPS syllabus for grade 12 to enable you to be effective in teaching your students
- Gain practical experience in the subject. The direct experience gained will help ensure that you are fully equipped to teach your students
- Acquire accounting related technology skills particularly in Pastel (Accounting Information Systems)

Key focus areas
